## : Local and General :

**STOP! LOOK!! LISTEN!!!**  
Tomorrow night Nov. 21st. an interesting address will be given in the Union Church by Dr. Chas. H. Huettis of Red Deer. Dr. Huettis is Secretary of the Lord's Day Alliance for Alberta and British Columbia. His headquarters for the past year have been at Vancouver and he recently moved to Red Deer.

Mrs. Twyford, Certified Nurse, would take maternity cases.—Apply Graseley's Farm, 4 1/4 miles south-west of Crossfield.

**CHURCH OF THE ASCENSION.**  
(22nd Sunday after Trinity)  
Nov. 23rd, 1919.  
10 a.m. Sunday School.

Private Funds to Lend.—D. P. Hays, Carstairs, Alta.

**UNION CHURCH, CROSSFIELD**  
Rev. R. K. Swenerton, B.A., B.D., Pastor.

Mr. S. Willis, Musical Director.  
Mrs. M. Thomas, Organist.  
Mr. D. A. Jeffery, Sunday School Superintendent.

Sunday School & Bible Class 2 p.m.  
Preaching Service at 7.30 p.m.

"The New Challenge—Christ on China" is the Subject of the Sermon for Sunday Nov. 23rd. Christianity has not failed, it has not yet been tried! Shall we put it fully to the test? Baron Xung-ching, Former Commander of the Canadian Corps said: "What is concerning me is the task before the Church of God. I trust that you will go back to your own Country, and to your own people, and in every way that you can, urge upon them that in the days after the war, the Church shall fail not." Admiral Beatty has said: If half the zeal and passion, half of the outpouring of life and treasure, of organization and efficiency that the State has put into this war could be thrown into the cause of the Kingdom and the eternal verities, the World would soon be won.

For Quick Sale, list your land with D. P. Hays, Carstairs, Alberta.

An announcement of a ratepayers meeting is called for an early date asking for nominations for the Village Council for the next year. Who's for the Honour?

Hugh McIntyre is in town renewing old acquaintances.

Mrs. Jeffery left town on Monday morning on a visit to her home town, Brandon.

Extra seating accommodation has been provided this week at the local school by the addition of six new seats.

Mrs. Furber and Mrs. Stevens were visitors to Calgary on Sunday last returning Monday night.

Wanted: Listings on Land.—D. P. Hays, Carstairs, Alberta.

The prolonged mild weather is a God-send to the farmers. Those who did not get their crops threshed are now busy on the job, also we notice a bee-hive activity on the "Haven's" Garage quite a gang of men being kept busy.

Mrs. Furber left on Wednesday evening for her home at Drumheller after spending a week in the district being the guest of Mrs. Whitfield.

Mr. and Mrs. R. Kirkham left on Tuesday evening for New Mexico, where they intend to reside in the future.

## HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."—Mrs. J. A. Robinson, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Robinson's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. It has cured mysterious complications. Write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Co-operation In Politics Predicted

The following article is an interesting prediction as to the solution of the political situation, by an independent, but close student of political matters.—

The result of the Ontario elections held recently have aroused Dominion-wide interest. Much conjecture prevails as to the ultimate outcome of the groups of parties. There is no mystery in the fact that the result will necessitate a re-alignment politically before a stable Government can be formed.

The success of the Farmers' party, whereby they secure the largest group numerically, at once puts that party in a leading position and entails upon its members important responsibilities of government. There should be no valid reason why that party should not call to its aid support from other groups, and organize a Government to carry on the affairs of the Province. There is no great gulf, for instance, between the views of the average Farmer member for a mixed rural and small town constituency, and the Liberal member for a similarly comprised riding. The Provincial Legislature is a magnified county council, and, aside from extreme or faddist members, sufficient unity to carry on a stable progressive Government should not be difficult to secure.

One feature, however, that may tend to prevent getting together on the part of the Liberal and Farmer members was the attitude assumed during the contest by Hartley Dewar, K.C., the Liberal leader. There was no justification for his attacks on the Farmer candidates. They had every right to run. They practically and in principle represented Liberal and democratic viewpoints, and the results at the polls indicated that the people upheld their entrance into the political field. In these circumstances it was folly to divide the Liberal groups and to create division as between them.

Following the Ontario results, and of more particular interest in the West, is the result of the Federal by-election in Assiniboia constituency, where Hon. W. R. Motherwell was overwhelmingly defeated by O. R. Gould, the Grain Growers' candidate. These contests should serve as a warning to those sincerely in favor of a policy of reform and fair taxation, low tariff and progressive government, of the lack of wisdom displayed in dividing the forces of those who are united in main principles. In Assiniboia, Mr. Gould has for years been an active supporter of the same principles and policies as those contended for and upheld by Mr. Motherwell. During the past ten years Mr. Gould supported and actively campaigned in behalf of the Provincial Government of Saskatchewan, of which Mr. Motherwell was a member. In 1911, Mr. Gould was an ardent supporter of Reciprocity, of which, also, Mr. Motherwell was a fervent exponent. For these reasons alone Mr. Motherwell's action in opposing him was not justified, but even had Mr. Gould been previously a Conservative, and had changed his views to conform to Liberal sentiments, the defeated candidate would still have been wrong in contesting the seat in view of the strong public sentiment which existed favoring the Grain Growers' policy and political movement.

The strength and showing of the United Farmers' movement in the East came as a surprise to all. In the Prairie Provinces the party is now thoroughly organized, and has had greater experience in political affairs, and bids fair to make every bit as great, if not a greater, showing than in the East. In these circumstances, therefore, what folly it is to divide the forces in the West largely because a very small minority of old-time Liberals will not, for purely partisan reasons, co-operate with the really Liberal Grain Growers' party. There are small groups of these old-time partisans in the East and West, who, largely for personal reasons, and principally because they cannot control and direct the new forces, refuse to co-operate. The rank and file of the Liberals, farmers or otherwise, should not tolerate this dictation or allow candidates to be foisted upon them because of these few malcontents.

The overwhelming mass of Liberals and Farmers in the West see eye to eye on main principles. Their forces should not be divided. Co-operation and harmony in political action is plain common sense if results are to be achieved. The Prairie Province Provincial Governments and the great majority of the members of the Legislatures realize the facts and heartily approve of united action. They realize that in three-cornered contests the reactionary forces may win out, since division of Liberal support ensures domination by the interests of Privilege.

The platform and aims advocated by the farmers are essentially Liberal. The majority of the better class and intelligent farmers of Canada are Liberal in their views. At present the farmers' or Grain Growers' wing of Liberalism is in the ascendant, and should receive the undivided support of sane Liberals. Since that element of Liberalism is in the majority, they have the right to assume a certain measure of control and leadership. But they are fair and reasonable and desire co-operation and support. There should, therefore, be no division, and the personal views of the few Liberal reactionaries

should be disregarded. Adherence to a common-sense course of united action in the selection of well qualified candidates would ensure triumph for progressive principles at the next Federal general election.

## Soothers Irritable Throat Quickly Cures Bronchitis

No Drugs to Take. No Sickening Stomach Medicine to Use

## Just Breathe "Catarrhozone"

Count ten—a bad cold is relieved by Catarrhozone—wait one minute and you will feel its soothing influence on a sore irritated throat. No failure with "Catarrhozone"—it cures because you can breathe a healing vapor to the very spot that needs help.

The big thing to remember about Catarrhozone is this—you just breathe a healing piny vapor that is full of the purest balsams, that is rich in the greatest healing agents known to science.

This wonderful vapor dispels all soreness, kills all germs, gives nature a chance to complete a real cure. Colds and throat troubles can't last if the pure healing vapor of Catarrhozone is breathed. Catarrh will disappear, bronchial attacks will cease, coughs and winter ills will become a thing of the past. Complete outfit lasts two months, price \$1.00; smaller size 50c; sample size 25c, all dealers, or The Catarrhozone Co., Kingston, Ont., Canada.

## Sharp Practices

New Way of Selling Old Furniture in Paris

Second-hand furniture dealers in Paris have thought of a profitable scheme to sell their stocks to great advantage. A flat is rented in the aristocratic quarter of the city and filled with the finer pieces of furniture. An advertisement is inserted in the dailies that an elderly woman, widowed by the war, will sacrifice her furniture in order to get enough money to return to the country of her birth.

A buyer visits the flat, the woman shows a bookcase, the price is agreed upon, but when the doors are opened a row of old school books is disclosed. The widow bursts into tears and explains that the books belonged to her son who left his studies to take up arms and was killed two months after he had left home. The prospective buyer consoles her, and to help her forget her grief pays her double the price asked.

## International Hay And Grain Exhibit

Saskatchewan—Farmers to Try for Honors at the Chicago Show  
Visitors to the International Hay and Grain Exhibition to be held at Chicago in connection with the International Stock Show, November 29 to December 6, will have an opportunity of seeing some of the fine grain and other crops that are produced in Saskatchewan. The farmers in this province are arranging to send samples of wheat, oats, barley, rye and various grasses and vegetables. At the International Soil Products Exposition at Kansas City, Mo., this year Saskatchewan farmers won the sweepstakes both for wheat and oats, as well as many first and other prizes. They feel confident that they will be able to repeat these triumphs at Chicago next month.

No man would want his wife to act as do some women to whom he makes eyes.

## Tested 250,000 Miles Three-Point Suspension Springs Greatest Improvement Since Pneumatic Tires

OVERLAND 4 has been tested as no car has ever been tested before. 250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Suspension Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the road steadiness of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Demountable Rims.

The longer you ride in this car the better you will like it. Come and see this car. Ask for Booklet.

Overland 4 Touring, \$1195; Roadster, 1195; Coupe, 1845; Sedan, \$1995. Prices f. o. b. Toronto, War Tax included, subject to change without notice.

Dealers: McKAY BROS. Crossfield.

## ROSEBUD HOCKEY LEAGUE IS FORMED WITH FIVE CLUBS

CROSSFIELD, Nov. 14. — The famous Rosebud Hockey League was reorganized for the coming season at a meeting held in Crossfield, on November 13, and a great time is looked forward too. The league will consist of teams from Innisfail, Olds, Didsbury, Carstairs and Crossfield.

Dr. A. T. Gribble, of Innisfail, has donated a handsome trophy to be played for each year and to be known as the Gribble cup.

It was decided at the meeting to affiliate our league with the Alberta Amateur Hockey association, and that we send two delegates to the provincial meeting which is being held this week.

The following officers were elected for the 1919-1920 season:

Hon. president, Dr. A. T. Gribble, Innisfail; president, J. A. McHugh, Didsbury; vice-president, D. B. Hays, Carstairs; secretary-treasurer, Geo. A. Richardson, Carstairs.

The executive to consist of one representative from each club and the active officers. The following delegates were present at the meeting:

Innisfail, F. Kirkham, B. Burke; Olds, M. Shannon, E. Smith; Didsbury, J. A. McHugh, E. E. Freeman, Dr. H. Duncan, B. Herron; Carstairs, A. Duger, J. Hall, Geo. A. Richardson; Crossfield, L. V. Bliss, L. V. Leitch, J. L. McElroy.

After the meeting Mr. J. P. Gossard of the Alberta Hotel, gave the boys a splendid supper, which was very much appreciated.

## MOORE'S MAJORITY SHOWN BY OFFICIAL RETURNS IS 127

At 2 o'clock on Thursday afternoon Nov. 13, Alec Moore was officially declared elected in the Cochrane by-election by a majority of 127 votes. The declaration was made by Alexander W. Gordon, the returning officer. According to the original reports from polling sub-divisions on the day of the election Mr. Moore's majority was 145, but the report from one sub-division was in error, and there was a number of disputed ballots. All told 34 ballots were rejected. The only actual changes in the figures as compared with those published on the day of the election relate to No. 2 poll, Crossfield, to No. 12 poll, Campbell's house, and No. 14 poll, Westbrook. The number of votes cast for Mr. Thomson at Crossfield was originally 127. This did not include three disputed ballots, to the admission of which objection was afterwards withdrawn. Mr. Moore's majority at No. 12 poll was reported as 31; actually it was 18. He received 50 votes at No. 14 poll, instead of 61, as originally reported.

The official return by polling sub-divisions is as follows:

	Moore	Thomson
1 Elba.....	40	8
2a Crossfield.....	64	53
2b Crossfield.....	42	77
3 McNeill's house.....	11	11
4 Andrie.....	97	85
5 Mountain school.....	38	19
6 Gallihill's.....	32	28
7 Summit Hill.....	16	29
8 West Hope.....	35	15
9 King's house.....	13	17
10 Albi's house.....	60	14
11 Big Prairie.....	8	18
12 Campbell's house.....	31	13
13 McKinnell's house.....	23	8
14 West Brook.....	50	7
15 Morley.....	16	31
16a Cochrane.....	63	73
16b Cochrane.....	57	77

## Does It Hurt You To Bend Over?

This is a Sign of Kidney Weakness, But Can Be Quickly Cured

Don't give up! You can be cured and made well again.

That backache and dragging weariness can be stopped for all time.

Those sharp pains when bending over, and that lameness in the morning can also be overcome.

Every ache and pain due to kidney weakness will disappear quickly once you start to use Dr. Hamilton's Pills, a marvellous remedy long ago made famous by its strange healing effect upon the kidneys and liver.

Don't wait till that dragging pain in the loins grows worse. Start the cure today.

Delay will mean ached ankles and limbs, sharp rheumatic pains in the muscles and joints, and other painful symptoms as well.

If you are always tired, have continuous headache, dizzy spells, a speck before your eyes or ringing noises in the ears—these are common symptoms that warn you of the immediate need of Dr. Hamilton's Pills of Maudslayi and Buttermilk. Sold in 25c boxes.

## THE COW PUNCHER

— BY — ROBERT J. C. STEAD

Copyrighted, Canada, 1918. By The Mussion Book Co., Ltd., Toronto. Printed by Special Arrangement.

(Continued.)

"I heard him cry 'Oh, Daddy, Daddy,' above the screech of the brakes," she continued, in a dry voice.

"Sorrow is a strange thing," she went on, after a pause. "I don't pretend to understand, but it seems to have its place in life. I fancy this would soon be a pretty degenerate world if there were no sorrow in it. I have been told that sometimes fruit

## Miss Flora Boyko Tells How Cuticura Healed Her Pimples

"My face was very itchy at first, and after that it was covered with pimples that disfigured it badly. The pimples were hard and red and they were scattered all over my face and were so itchy I had to scratch and I could not sleep."

"These bothered me nearly a year before I used Cuticura Soap and Ointment and when I had used five cakes of Cuticura Soap and five boxes of Cuticura Ointment I was healed." (Signed) Miss Flora M. Boyko, Gardenton, Man., Dec. 29, 1918.

Having obtained a clear healthy skin by the use of Cuticura, keep it clear by using the Soap for all toilet purposes, followed by touches of Ointment as needed. Do not fail to include the exquisitely scented Cuticura talcum in your toilet preparations. Splendid after bathing.

Get large sample sets of Cuticura Soap, Ointment, and Talcum, 10¢ each, everywhere.

## ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer"

There is only one Aspirin—"Bayer"—You must say "Bayer"

package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over sixty years. Now made in Canada. Handy tin boxes containing 10 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

## GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds—one day is warm, the next is wet and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet.

Occasional doses will prevent colds, or, if it does come on suddenly the prompt use of the Tablets will quickly rid the child of it. The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

with greater vigor than ever.

But just at this time another incident occurred which was to turn the flood of his life into strange channels. Dave had been promoted to the distinction of a private office—a little six-by-six "box stall," as the sports editor described it—but none the less a distinction shared only with the managing editor and Bert Morrison, compiler of the woman's page. Her name was Roberta, but she was masculine to the tips, and everybody called her Bert. The remainder of the staff occupied a big, dingy room, with walls pasted with specimen headings, comic cartoons, and racy pictures, and floor carpeted deeply with exchanges. Dave, however, had established some sort of order in his den, and had installed at his own cost a spring lock to prevent depredations upon his paste pot or sudden raids upon his select file of time copy.

Into this sanctuary one afternoon in October came, Conward. It was such an afternoon as to set every office worker at war with the gods; the glories of the football October are known only in the football country, and Dave, married though he was to his work, felt the call of the sunshine and the open spaces. This was a time for fallen leaves and brown grass and splashes of color everywhere—nature's autumn colors, bright, glorious, unsubdued. Only Dave knew how his blood leaped to that suggestion. But the world must go on.

Conward's habitual cigarette hung from its accustomed short tooth, and his round, florid face seemed puffed than usual. His aversion to any exercise more vigorous than offered by a billiard cue was beginning to reflect itself in a premature roundness of figure. But his soft, sedulous voice had not lost the note of friendly confidence which had attracted Dave, perhaps against his better judgment, one night of their first meeting.

"I, Dave," he said, "Alone!" "Almost," said Dave, without looking up from his typewriter. Then, turning, he kicked the door shut with his heel and said, "Shoot."

"This strenuous life is spoiling your good manners, Dave, my boy," said Conward, lazily exhaling a thin cloud of smoke. "If work made a man rich you'd die a millionaire. But it isn't work that makes men rich. Ever think of that?"

"If a man does not become rich by work, he has no right to become rich at all," Dave retorted. "What do you mean by that word 'right,' Dave? Define it."

"Haven't time. We go to press at four."

"That's the trouble with fellows like you," Conward continued. "You haven't time. You stick too close to your jobs. You never see the better chances lying all around. Now suppose you let them go to treat with you today, and you listen to me for a while."

Dave was about to throw him out when a gust of yearning for the open spaces swept over him again. It was true enough. He was giving his whole life to his paper. Promotion was slow, and there was no prospect of a really big position at any time. He remembered Mr. Duncan's remarks about newspaper training being the best preparation for something else. With a sudden decision he closed his desk. "Shoot," he said, again, but this time with less impatience.

**MURINE'S EYE PILLS** Soothe, Refresh, Soothe, Strengthen, and Heal. If they hurt, Smart, Itch, or Burn, if sore, Irritated, Inflamed, or Granulated, use Murine often. Safe for Infant or Adult. All Druggists in Canada. Write for Free Eye Book. Martin Company, Chicago, U.S.A.

## Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuria (anti-uric acid). This "Anuria" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuria dissolves uric acid as hot tea dissolves sugar.

## CROWN BRAND CORN SYRUP

The Syrup for Pancakes

A golden stream of Crown Brand Corn Syrup is the most delicious touch you can give to Pancakes!

In the Kitchen, there is a constant call for Crown Brand Corn Syrup for making puddings, candies, cakes, etc.

Sad the day when you are too big to enjoy a slice of bread spread thick with Crown Brand!

Could that day ever come?

Ward it off! Grace your table daily with a generous jug of Crown Brand Corn Syrup, ready for the dozen desserts and dishes it will truly "crown."

Sold by Grocers everywhere—in 2, 5, 10, and 20 pound tins.

The Canada Starch Co. Limited Montreal

## SMITH GOT WISE

A sore corn, he said was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Famous Corn Extractor, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extractor, 25c at all dealers.

"That's better," said Conward. "Have you ever thought of the future of this town?"

"Well, I can't say that I have. I've been busy with I suppose."

"That's what I supposed. You've been too busy with the details of your little job to give attention to bigger things. Now, let me pass you a few pieces of information—things you must know, but you have never put them together before. What are the natural elements which make a country or city a desirable place to live? I'll tell you. Climate, transportation, good water, variety of landscape, opportunity of independence. Given these conditions, everything else can be added. Now, our climate—of course it is misunderstood in the South and East, but misunderstanding doesn't rattle it. You and I know what it is. This is a white man's climate. Follow our latitude into Europe if you want to find the seats of power and success. London and

Berlin are north of us; Paris very little south."

"Where did you get this stuff?" Dave interjected. "Sounds like the prelude of an address before a boomsters' club."

(To Be Continued.)

A New Code

First Barber—That was a bad cut you gave that old man while shaving him.

Second Barber—Oh, there's a reason for it. I'm courting his maid, and that cut will let her know that I can meet her this evening—Dallas News.

W. N. U. 1299

## Labor Decides on Hours of Work

Washington. — After nearly five hours of constant working, the international labor conference adopted the 48-hour week convention of the organizing committee as a "basis for discussion." But as to exactly what that means the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum eight-hour day and the 48-hour week? That is the question all sides are asking.

The vote came on a motion presented by Mr. Barnes, British government delegate, that "the draft convention prepared by the organizing committee be adopted by the conference as the basis for discussion," with reference to a special committee of matters concerning its application to tropical and other specified countries.

Originally, Mr. Barnes' motion reads: "The draft convention on the 48-hour week," but an amendment by Mr. Fontaine, French government delegate, struck the words "48-hour week" from the motion, and, as amended, it was adopted by 55 to 2. Mr. Rowell and Mr. Adams, Canadian government delegates, and Mr. Parsons, Canadian employers' delegate, voted for the motion.

Mr. Draper, Canadian workers' delegate, voted against it. The other vote against it was that of Sam Gompers, president of the American Federation of Labor.

## Russian Government Must Change

Allies Will Continue Economic Pressure Till Democratic Government Is Formed

London. — The present measures of economic pressure on Russia will continue until a democratic government is established in Russia which can be recognized by the allies, according to a statement made in the House of Commons by Under Secretary for Foreign Affairs Harmsworth.

## Kaiser Is Well Punished

King George Gives Missionary His Views of ex-Empress of Germany

London. — King George gave his view of the former German emperor in the course of an audience with a missionary from Armenia, Archbishop Forder. When the missionary told the story of his captivity for four years, saying that the troubles had all been instigated by the Germans, the King replied: "Well, they are finished now. The Kaiser has had to run away from his own country. He is well punished for all he did."

## "SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver, and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. "Give it without fear, Mother! You must say 'California'."

## Metal Workers Of Berlin Strike

Minister of Economy Refuses to Intervene in View of Strike Order Being Issued

Berlin. — The metal workers proclaimed a general strike. The minister of economy had intended to offer mediation between the men and the employers, but he has announced that he will not intervene in view of the order to strike.

The strike is nearly general, although three thousand workers of the Siemens-Holke plant returned to their jobs. The strike is said to have been called in violation of rules in the metal workers' union, which require a two-thirds majority of the workers on a vote to decree a general strike.

## Says Car Situation Is Bad

Prof. W. J. Elliott Also Denounces Conditions at Calgary

Calgary. — Describing the car situation in the province as "awful," Professor W. J. Elliott, of the U.G.G., dealt strongly with the situation at the U.F.A. secretaries convention. He also denounced the conditions at the stockyard here, stating that the yards were entirely too inadequate to handle the present business.

Discussion of the business and condition of the U.G.G. also occupied some time. Prof. Elliott criticized the condition of the organization as heard, and it was stated that the financial condition of the company was none too good, and that were the company to close down now it would show a loss of a quarter of a million. Officials of the organization claimed, however, that this did not represent the true condition of the company. The opinion was strongly expressed during the session that the company should trade on the basis of a wholesale concern.

It was stated that the entire wheat crop of Alberta was about five million bushels, and officials said that the company could handle every bushel that did not go back into the ground or was fed to stock.

## Plan Merging Agencies

Dominion Employment Bureau May Supplant All Others

Vancouver, B.C. — The World says: "A move is on foot to place all governmental employment agencies throughout Canada under the supervision of the department of civil re-establishment. This would mean that the Dominion employment bureau now operated here would be operated from the S.C.R. offices under the direction of the unit commander in British Columbia, and to complete the scheme as it has been mooted the provincial authorities would be asked to come into line and merge their employment services with the soldiers' organization."

## Rounding Up the Bolsheviks

London. — A headquarters bulletin from Gen. Denikine, received here by wireless, claims that Cossack troops captured 35,000 Bolsheviks between October 17 and 27. The troops of Gen. Denikine's volunteer army in the meantime took 20,000 more. The communique asserts that entire divisions of Bolshevik troops are being put out of action daily.

## Sinn Fein Released

Dublin. — Ernest Blythe, member of the Sinn Fein parliament, who was arrested during a raid on Sinn Fein headquarters September 12, and later was sentenced to one year in prison, was released from prison after having been for five days on a hunger strike. Blythe was taken to a hospital.

Quebec. — A sudden slump of eight cents in the price of cured and salted ham aggressively surprised Quebec housewives. This sudden decline is due to the order from the government. Bacon also has suffered a decline of about 6 to 8 cents per pound.

## Judgment Reserved On Pork Prices

Decision of Board of Commerce on Packers' Protest Will Be Announced Shortly

Ottawa. — The decision of the Board of Commerce as to whether the price prevailing on March 10 for pork products will apply at the present time or not will be made in writing shortly. After hearing representations from the packers, who are seeking to have the board rescind its order fixing prices at the March level, Commissioners Robson, O'Connor and Murdoch reserved judgment. Commissioner Murdoch stated to J. S. McLean, representing the Harris Abattoir company, his firm conviction that the packers and not the farmers fixed the price of livestock. This contention Mr. McLean disputed.

## French Defeat Turks

London. — Turkish forces have been defeated by French troops in Angora (in Asiatic Turkey, 200 miles east of Constantinople), according to a Constantinople dispatch. The Turks delivered a heavy attack, but were repulsed after several hours' fighting. The French hospital train also was reported to have been attacked by troops under Mastapha Kemal.

## One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. It is any wonder, then, that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Imperials to Pass Through Canada

Veterans of Winnipeg Are Planning Reception for Them

Winnipeg. — In a day or two, three thousand British soldiers will be passing through the West on their way home from Siberia. They will arrive at the coast on the Montague. As this is the largest party to come across Canada, Winnipeg returned soldiers and their auxiliaries are going to meet them with some cheer as a mark of appreciation of the worth of the imperial army to the Empire.

## 50 Schooners for Dominion Govt.

Victoria. — It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners, with British Columbia shipyards. According to the report, 25 of the ships will be constructed at this port and the other half will be turned out by yards on the mainland.

## Peace Treaty Effective November 28

Paris. — The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well informed circles, on November 28.

The signature of the protocol and the exchange of ratifications between Germany and such allies powers as have then ratified the treaty will take place on that date, it is reported.

W. N. U. 1289

## Government Rejects Offer of Miners

## First Meeting of Peace League

Date Has Not Yet Been Fixed For Gathering

Paris. — The first meeting of the council of the League of Nations will be held in Paris, the supreme council has decided. It did not, however, fix a date for the gathering.

It was agreed that the council of the world body should consider at its meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

The supreme council discussed its own uncompleted work preparatory to deciding upon exactly what questions must be passed upon before the peace conference ends.

## Fuel Is Held Up

Coal Shipments From U.S. to Be Allowed Firms on Priority List

Toronto. — Although coal consigned to Canada has been held up at the border, H. A. Harrington, Ontario fuel administrator, had been advised that shipments will be permitted to come forward for industries on the priority list, which are in immediate need.

Mr. Harrington has received the following message from Washington in this connection:

"The United States Railroad administration has seized all coal on wheels, which has been sidetracked pending distribution under priority schedule. The director of purchases of the United States railroad administration will have charge of the distribution. It is essential that you get absolute proof that the preferred industries are in immediate need of coal upon receipt of which information the administration will take up the advisability of immediate release to preferred industries, according to priority list."

## Enemy Delegates' Passage Arranged

Washington. — The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Love's young dream is all right until the matrimonial alarm clock goes off and causes a rude awakening.

Washington. — Organized labor's proposal for ending the coal strike through withdrawal of injunction proceedings against officials of the United Mine Workers of America was bluntly rejected here by the department of justice.

The government's answer to the union's suggestion, advanced by Sam Gompers, president of the American Federation of Labor, was given by Assistant Attorney-General Ames, who declared the strike in itself was a violation of the law, and that as long as it continued the only place to fight it out was in court.

The labor leaders were visibly disturbed by this refusal, and agreed with the operators on one point — that the statement of the government's position swept away all hope of immediate settlement of the strike, involving more than 400,000 soft coal miners, in twenty-eight states.

## Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests, which merely makes the corn grow hard. This suicidal habit may cause lockjaw, and women are warned to stop it.

A few drops of a drug called freeze-on applied directly upon a sore corn gives quick relief, and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-on, which costs very little, but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

## Victory Loan Popular in U.S.

Toronto. — United States citizens have a keen appreciation of the value of Victory Bonds. Subscriptions from the other side of the border up to a few days ago totalled \$27,281,550, two millions more than was collected last year in the entire campaign.

## Prince Drives Own Train

Montreal. — At Flavell, twenty miles west of Trenton, the Prince of Wales boarded the locomotive of the Canadian Pacific railway train and personally drove the train into Trenton.

## Bovrilise your cookery

Bovril gives richness and flavour to soups, gravies, and all made dishes. When you are cooking, keep the bottle where you can see it. Bovril not only makes the dish more enjoyable, but also gives it additional food value.

The body-building power of Bovril has been proved by independent scientific investigation to be from 10 to 20 times the amount taken.

## Use Bovril in your cookery

# BOVRIL

# Role Egypt Played During the War

The war has rolled on and away, and the great peace task of stock-taking occupies statesmen and scribes. Countries that were big have fallen low, whilst other that were lowly have risen to be exalted.

In this kaleidoscopic panorama of the Old World, where stands Egypt, one of the oldest of lands, and today reputed to be one of the wealthiest? The great world-climax did not penetrate into her cotton fields. But, though direct military operations were unknown to her until the rebellion of March—that is to say, if the Turkish attacks on the Suez canal and the Senussi risings in the Libyan Desert are excepted—nevertheless, it was utterly impossible for her to hold aloof from the gigantic struggle and not to be affected by the tremendous echoes of that monstrous conflict. The only difference is that instead of being startled by the continual boom of "heavies" and the shrieking whistle of shells, she was turned into a huge camp, perhaps the biggest "base" the world has ever seen.

This, I believe, defines Egypt's role during the war better than reams of wordage. From being a cosmopolitan land of summer frivolities, winter tourists, cotton kings, and astute capitalists, Egypt awoke to find herself converted into a military camp with outposts reaching from the Dardanelles to the Persian Gulf, and with titanic contingents of soldiers hailing from Great Britain, Australia, South Africa and Canada. In truth, she was called upon suddenly to play in the Near East the role of Ypres on the western front, namely, that of a salient, the holding of which meant the ruin of the enemy's plans. It was in Egypt that the men were collected who fought in Gallipoli; in Egypt the armies were gathered which invaded Palestine and Syria and drove the Turk-German hosts northward beyond Damascus; in Egypt, moreover, the machinations of the enemy who sought to stir up the East were frustrated and his plans confounded.

Needless to say, this agglomeration of troops from all quarters of the British Empire necessitated an organization which the country had not previously possessed—a staff of men and laborers which ran into hundreds of thousands, and a rationing supply which would have made an A.Q.M.G. of Pharaoh's days marvel. However, all the necessary measures, agricultural as well as economic, had to be taken, but not without upsetting the even tenor of life along the placid waters of the Nile. It was, nevertheless, impossible to do otherwise if the British Empire was to maintain its pride of place in the world, and though the amount of friction was caused here and there, it really speaks volumes for the policy of the Anglo-Egyptian Government and the British military authorities that, without interfering with military operations, matters continued as smoothly as they did from October, 1914, to November, 1918. Some errors, admittedly, were committed, but in those days of the Empire's great trial risks were run, and thus it was, for instance, that many brave officials were allowed to answer the call of their regiments with results that really proved disastrous when the unruly elements of the country finally broke out of hand in the spring of this year.

## Prosperity in Central B.C.

### Lumber Mills Open Up and 1,000 Families Settle Down

More than 1,000 families have taken farms in Central British Columbia already this year, it is stated by W. C. Riddell, advertising representative for the G.T.P. In all lines of industry activity this summer is the greatest since the railroad opened up Central British Columbia for settlement. Large herds of cattle and horses have been brought in; the district is said to be especially suitable for grazing because of the natural vegetation consisting largely of pine and broom grass. Lumbering industries have been very active.

Hard words seldom make impressions on soft people.

## Export Trade In Dairy Products

### The Future of the Export Trade Is Assured

It is the consensus of opinion of Canadian officials who have visited Europe that the future of the export trade in dairy products is assured. In England butter is everywhere at a premium and Canadian checks continue to be sold at the good reputation. Mr. H. S. Arkell, Live Stock Commissioner, who has recently returned from overseas, states that the shortage of milk and dairy products in Great Britain is unprecedented. The same is true of other European countries. The scarcity and high price of concentrated feed is to some extent responsible for this. The condition is so general as not quickly to be remedied. It is further responsible for retarding the increase of swine production and the restoring of the normal requirements of fat. This statement from the Live Stock Commissioner should give confidence not only to dairy farmers, but to those who are able to raise hogs.

## Farm Lands Rise in Value

### Iowa Bankers See Continuance of New Scale of Farm Values

Reports from Western Canada concerning the influx of American settlers into Canada that has featured the immigration statistics for the year to date, state that the high price of farm lands in the United States has been the chief reason for American farmers coming to Canada. For this reason, and because American land values are likely to be reflected in this country, Canadians will be interested in some facts and figures given to the Farm Mortgage Bankers' Convention at Chicago, by John A. Cavanagh, of the Des Moines National Bank. Mr. Cavanagh said that farm land values in the Middle West have increased an average of 60 per cent. during the past year, and he stated his opinion that the increases were not the result of inflation, but would be permanent.

The Iowa State College of Agriculture, said Mr. Cavanagh, found that in 70 of Iowa's 99 counties farm lands increased 60 per cent. in six months. In more than 50 of the counties the average price is now \$300 an acre or more, while the advance for the six-month period was \$100 an acre, said Mr. Cavanagh.

"Few parts of the country failed to see a very appreciable advance in farm land values in 1919. The increase ranged from 35 to 75 per cent. throughout the Middle West. I have personal knowledge of farms in Iowa, Illinois and Minnesota which increased in price \$100 per acre in 90 days last summer. I personally know of farmers who sold their land for \$250, \$300 and even \$350 an acre, making a handsome profit, only to repurchase the same farms later on at an advance of \$25 to \$50 an acre, paying \$100,000 to \$150,000 to get their farms back. There is no doubt denying that an increase in land prices, such as was never known before, has been seen all over the country."

That these values would continue was the contention of the speaker. He pointed out that from Europe there is a great demand for food products, that prices are generally higher than ever before, and that farmers had gone in for intensive and scientific farming to an extent that would increase the productivity of their lands. "The farmer realizes that he must be a \$500 farmer on \$500 land," said Mr. Cavanagh.

When forced to travel all night the Siberian natives make a practice of stopping just before sunrise and allowing their dogs to sleep. They argue that if a dog goes to sleep while it is yet dark, and wakes up in an hour and finds the sun shining, he will suppose that he has had a full night's rest, and will travel all day without thinking of being tired.

There are about 750 different kinds of rodents in the U.S., and the annual loss they cause to crops is estimated at \$50,000,000.

## New Handbook

### For Boy Scouts

### Wolf Cubs Put On Demonstration At Closing Session of the Winnipeg Conference

The discussion as to the new handbook for Boy Scouts in Canada was perhaps the outstanding item of the conference of Provincial Boy Scout secretaries, which closed this weekend. The general feature of all the sessions, however, was the broad viewpoint of the dozen men who have in charge the future of the Canadian boy, as it is handled by the Scout Association of Canada. All through the debate on such technicalities as uniforms, training classes for Scout leaders, libraries at Scout headquarters, uniforms, and badges, camp programmes and entertainment, the thought was less for the mechanics of the movement than for the end—the development of the boys into upright and efficient Canadian citizens. "Be Prepared" is the agreed slogan of Boy Scouts and officers for 1920.

A pleasant interlude of the Saturday morning session was the presentation to Miss Hayes, secretary to Assistant Scoutmaster Macintosh, of a souvenir in testimony of the conference's appreciation of her work in its behalf. In the afternoon a four o'clock train was a demonstration of the work of the Winnipeg Wolf Cubs, 20 officers and 250 Wolf Cubs being present. The function took place in the convention hall of the Board of Trade building, and was attended by the district Boy Scout leaders and the visiting provincial secretaries from all the Canadian provinces.

It was at the special request of the conference of Dominion and provincial officers of the Boy Scout association which had been meeting in the board room of the Board of Trade building, that the secretaries, in the afternoon, to see something of the work done by the Wolf Cubs of Winnipeg, that Assistant Provincial Commissioner Macintosh, of Manitoba, asked F. W. Thompson, district commissioner in charge of Wolf Cubs, to make the necessary arrangements for this display. Although the officers of various packs only received the notice about 11 p.m. on Thursday night, 20 officers and 250 Wolf Cubs took part in the display which was held at 4 p.m. on Saturday afternoon by courtesy of the house secretary of the Board of Trade.

Col. Hall, Provincial Commissioner for British Columbia, who is senior district commissioner attending the conference, took the salute, and after a very interesting display by the various packs present, complimented both officers and cubs on their splendid presentation of their work and play. Col. Hall was accompanied by A. Stiles, assistant Dominion Commissioner of Ontario; H. A. Ordry, of Quebec; T. R. Heneghan, of British Columbia; J. E. Baxtery, of Alberta; W. J. P. Selby, of Saskatchewan; E. O. Eamen, of the Maritime provinces; E. H. Blois, of Nova Scotia, while Manitoba provincial headquarters were represented by W. W. Rowley, provincial commissioner, and F. L. Patton, provincial treasurer. Among a large number of citizens interested in Boy Scout work were Mrs. Geo. Smith, national patriotic secretary, and Mrs. Colin Campbell, provincial president of the I.O.D.E.

The Cubs were intensely interested in the stories and songs led by Mr. H. A. Lordly, of Quebec. The "Grand Howl," by the Cubs was an entertaining feature. A rousing feature of one of the visitors was that "The educational conference should have seen that display." — Winnipeg Free Press.

For a solid hour the teacher had been instructing her class about liquids. At last she commenced to ask questions on the work.

"Now, then," she said, "can any of you tell me what water is?"

There was silence for about five minutes. Suddenly a hand shot up from the back of the class, and the voice of Billy Smith squeaked out: "I know, miss. Water is the stuff you gets black when you put your hands in it."

When a woman wants to call her husband down before company, she doesn't say a word, but just looks at him in a peculiar way.

# Complete School For Bad Throat

## The Beginning Of Aviation

### The Amusing Feature of Early Attempts at Flying

All the earliest ideas of human flight were naturally based upon the observation of birds and demanded that the man should work his own artificial wings, for there were no engines, and possibly if there had been their use would have been considered "not cricket." In the notebooks of Leonardo da Vinci, the painter and universal genius, are many sketches of wings to be fitted to arms and legs, and more than one disastrous attempt was made to fly with such devices.

Thus at the beginning of the sixteenth century an Italian alchemist promised to fly from the walls of Stirling Castle to France, and actually tried to do so. Naturally, he failed; by luck he only broke a leg. He attributed his failure to the fact that he had used for his wings the feathers of fowls, which had an "affinity" for the dunghill. He does not appear, however, to have made a second trial with eagle's feathers, which should have solved the difficulty.

A more successful, if more modest attempt was made recently at Longchamps by a French professional cyclist, Poulain, who with a man-driven airplane, actually flew, not to Stirling Castle, but a distance of thirteen yards. It is understood that a prize of 10,000 francs awaits him if he shall repeat the feat under specified conditions.

As it requires a professional cyclist to fly a few yards, one yard from the ground, it is likely to be some time before the air is full of bicyclists going for a spin. It is rash to prophesy, but the general opinion is that while Poulain's experiments may give rise to a new sport, something like jumping on skis, they are unlikely to be the preliminary to long flights on man-driven machines.

## The Grand Duke Nicholas

### Has Been Living on Prinkipo Island Since Last February

The Grand Duke Nicholas Nicholasievitch, former commander-in-chief of the Russian army, has been living on Prinkipo Island, in the Sea of Marmora, between European and Asiatic Turkey, since last February, according to private advices from Constantinople. With the Grand Duke are his wife, the Grand Duchess Alexandra, and her father, the old King of Montenegro.

Since the revolution in Russia and the overthrow of the dynasty the Grand Duke has been at one time or another reported dead, in captivity at the Bolsheviks, and residing in various places incognito.

It will be recalled that Prinkipo Island was chosen by the entente powers for the holding of a conference with the Bolsheviks in an endeavor to arrange an understanding, but the plan failed.

## Exploding Eggs

### Vallet Was Unaware of High Price of Labor

Frederick O'Brien in his remarkable tale of a year's residence among the friendly and simple-minded cannibals of the Marquesas Islands, entitled "White Shadows in the South Seas," gives the following account of his employing a valet, who evidently was unaware of the high price of labor elsewhere:

"His name, he said, was Nakohu, which means Exploding Eggs. This last word was a name that was needed, without further ado, I engaged him as valet for the period of my stay in the Marquesas. His duties would be to help in conveying my luggage ashore, to aid me in the mysteries of cooking breakfast and such other odd jobs as I might discover, and to converse with me in Marquesan. In return, he was to profit by the honor of being attached to my person, by an option on such small articles as I might leave behind on my departure, and by the modest salary of about five cents a day. His gratitude and delight knew no bounds."

Since the days of the voyageurs in their canoes and the fur traders in their York boats, the Red River has carried many queer loads on its broad bosom, and it is doubtful if ever before it carried a cargo so strange or so interesting as that which filled a big barge that was hauled across Lake Winnipeg a few days ago. Everything needed to make up a public school was in this barge, from foundation sills to the chalk with which teacher and pupils will mark the blackboard. Every last item needed for the construction of the school was there, lumber, laths, nails, shingles, windows, doors, etc., also everything needed for the furnishing of an up-to-date schoolroom, including maps, globe, brushes, desks, chairs, etc., even to the hooks on which the pupils will hang their coats and caps. Also there was all the material for a 4-room teacher's residence.

Bad Throat, at the mouth of the Manigotagan river, was the destination of the barge and its unique load, an Ira Stratton, official trustee of the school district at that point, who assembled the cargo here, is confident that the school will be complete before the "freeze-up." He has grounds for his confidence because the barge, in addition to all the material, carried the contractor and his workmen, who they have nothing else to do but put up the school and residence and have undertaken not to return to the city until they have finished the job.

The settlement at Bad Throat is old and cosmopolitan. The settlers do a little farming, a good deal of fishing, some trapping and lumbering, but their great hopes for the future are based on the fact that they are at the mouth of the river leading to the mining and his workmen, who they have nothing else to do but put up the school and residence and have undertaken not to return to the city until they have finished the job.

The settlement at Bad Throat is old and cosmopolitan. The settlers do a little farming, a good deal of fishing, some trapping and lumbering, but their great hopes for the future are based on the fact that they are at the mouth of the river leading to the mining and his workmen, who they have nothing else to do but put up the school and residence and have undertaken not to return to the city until they have finished the job.

Officials of the department of education, including Hon. Dr. Thornton, believe that this is the first time in the history of education on the American continent that a complete school, to its last detail, has been transported to an outlying settlement as has been done for Bad Throat.

## The French Maid

"French maids are charming, almost too charming," said Mrs. Cortt, the British Consul, in London. "They're as witty as they're charming, too." "Marcelle," I said to a French nursemaid one morning, while waiting in the park yesterday I saw a child. I hope a policeman to kiss a child. I hope, Marcelle, you never let anything of that kind occur?" "Ah, non, madame! Ah, non! Marcelle protested vigorously. "No policeman would think of kissing a child. I was there."

Square dances come handy when there are not enough to go around.

### Yearly Ceremony to be Held

The "Journal Officiel," the French Government organ, has published the text of a law providing that in every commune in France a ceremony shall be held yearly on November 1 and 2 in memory of the soldiers who fell during the great war.

### DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's  
Liniment before it gets  
dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinge! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises.

Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment. 35c, 70c, \$1.40. Made in Canada.

Sin may be ugly but it understands the art of beauty culture.

Minard's Liniment Co., Limited.  
Gentlemen,—In July, 1915, I was thrown from a road machine, injuring my hip and back badly, and was obliged to use a crutch for 14 months. In Sept., 1906, Mr. Wm. Outridge, of Lacute, urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results, and today I am as well as ever in my life.

Yours sincerely,  
**MATTHEW X BAINES.**  
mark

Where there is a will there are usually a lot of lawyers in the way.

Revive the Jaded Condition.—When energy flags and the cares of business become irksome, when the whole system is out of sorts and there is general depression, try Parmelee's Vegetable Pills. They will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer a day from debilitated digestion when so simple and effective a pill can be got at any drug store.

If a man looks upon the wine when it is red, it is very likely to cast reflections upon his nose.

### FOGGY?

If Bilious, Constipated or Headachy take  
"Cascarets."

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison, which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without gripping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

Getting Posted  
Lord Nocozyne—"I say, old dear, what is the usual procedure in catching an American heiress?"  
Reggie—"It's very simple, old chap. You tell the girl how much you love her, and her father how much you owe."—Boston Transcript.

Minard's Liniment Cures Diphtheria.

When a young girl does not look with favor on a young man's suit he should change his tailor.

### Returns Forty-eight Fold

H. P. Hanson, who is farming at Bentley, Alberta, reports a large yield of wheat. From 10 pounds of seed he harvested 72 bushels of grain. The seed was one of the Seager Wheeler grains—Red Bobs. It was with wheat of this strain that Mr. Wheeler won the first prizes and sweepstakes for wheat at Peoria in 1917 and at Kansas City in 1918.

Don't Submit to Asthma.—If you suffer without hope of breaking the chains which bind you, do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its efficiency. The sure relief that comes will convince you more than anything that can be written. When help is so sure, why suffer? This matchless remedy is sold by dealers everywhere.

Always put off until tomorrow the revenge you could accomplish today.

Minard's Liniment Cures Distemper.

A weak-minded man is always the most headstrong.

### GENERAL DEBILITY FOLLOWING INFLUENZA

Strength Can Only be Regained By

Enriching the Blood.  
Following a widespread epidemic of influenza, general debility is on the increase, and its effects may be noticed in the worn, listless appearance of so many of the men and women who have suffered always leaves behind it impaired vitality, and with the modern conditions of life, that use up nerve force so rapidly, general debility becomes one of the most common maladies. The symptoms of debility are but too generally present. There is poor digestion, languor, weak, aching back, wakefulness at night, often distressing headaches and a feeling of fatigue. These symptoms indicate impure and impoverished blood. It is significant of nearly every attack of influenza that it is followed by anaemia and debility.

For all such run-down conditions, new blood is the most reliable cure. Sufferers should at once begin to make thin blood, rich and red with Dr. Williams' Pink Pills. Under a fair treatment with this medicine, they will realize more and more the health-restoring influence of good, rich blood, and how this new blood brings a feeling of new strength and increased vitality. Proof is given in the case of Mrs. G. Robertson, Wingham, Ont., who says: "When the Spanish influenza spread over our town I happened to be one of the first attacked, and the attack was a very severe one, and, worse still, the after-effects of the trouble left me in continuous misery. I had severe pains in my side, felt low-spirited, and with no ambition whatever. My head ached almost continually, my eyes felt heavy, and pimples broke out on my face. I was advised to try Dr. Williams' Pink Pills, and after taking them for a time I felt like my old self. I am able to do my housework, and feeling well and strong. I can strongly recommend Dr. Williams' Pink Pills for the serious after-effects of influenza, as I am sure they will restore all sufferers to good health."

You can get these Pills through any dealer in medicine, or by mail, post paid, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

The smaller a man's mind, the longer it takes him to make it up.

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases and at all times are thoroughly trustworthy.

Is It?  
Teacher: "An epidemic is something which spreads. Now, David, can you tell me an epidemic?"  
David: "Please, mum, jam!"

### Production Plants On The Prairies

Farms? Yes, in popular language; but in reality, Production Plants. The Western Canada farmer of today is a business man of great importance, and his Waterman's Ideal Fountain Pen is characteristic of his progressive farming.

Its unflinching readiness to write everywhere and any, where is an indispensable convenience—taking all the bother out of writing, saving time and enabling him to do better work. There is daily use in your "Production Plant" for a

### Record in World's Shipping

Next to America, Japan Showed the

Greatest Increase  
Lloyd's shipping report for 1918-19 states that at the end of June, 1919, a record amount of shipbuilding was going on throughout the world, namely, 4,800,000 tons, of which two million were building in the United Kingdom. During the year to June 30 there were 3,800,000 gross tons registered at Lloyd's, of which the United States built 1,900,000 tons, the United Kingdom 1,300,000 tons, Japan 360,000, and Canada 200,000.

Next to America, Japan showed the greatest increase in shipbuilding in war time.

### HAIR SOON TOO SHORT TO DO UP

A little "Danderine" stops  
your hair coming out and  
doubles its beauty

To stop falling hair at once and rid the scalp of every particle of dandruff get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

A single man blames his ancestors because he is poor. But a married man blames his wife.

Minard's Liniment Cures Garget in Cows.

Sharp tongues are apt to sever friendships.

### How's This?

We offer \$100.00 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE.

HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system.

Sold by Druggists for over forty years. Price 75c. Testimonials free. J. C. Chesney & Co., Toledo, Ohio.

Gossip is a deadly gas that is often fatal to friendship.

Corns cause much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

A Gloomy Outlook  
"I suppose now your husband will be home 'sooner of nights."

"I don't know. This allowing prescriptions of liquor for illness will make him want to sit up with sick friends more than ever."

Minard's Liniment Cures Colds, &c.

Sound money is the kind that jingles in a fellow's pocket.

Crabs may not be so palatable as lobsters but they will do in a pinch.

When you wish "some-  
vent something new to eat," you  
need **BEECHAM'S PILLS**. Even  
when digestion is good, poisons  
are formed during its processes  
that unless eliminated  
irritate mind as well as body.

### Restore French Railways

The Petit Parisien says that during a recent trip of Albert Clavelle, minister of public works, to the devastated regions he learned of the excellent results being made in repairs to the railway system and the roads. Thirty-three thousand kilometres of destroyed track have been almost completely restored, and of 48,000 kilos of devastated roads 12,000 kilos have already been repaired.

On Sale Everywhere.—There may be country merchants who do not keep Dr. Thomas' Electric Oil, though they are few and far between, and these may suggest that some other oil is just as good. There is nothing so good as a liniment or as an internal medicine in certain cases. Take no other. The demand for it shows that it is the only popular oil.

When you investigate a gruesome tale you will usually find that it grew some since it started.

### "I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Depression, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

## Canada's Agricultural Position

The Hon. S. F. Tolmie, Canada's new Minister of Agriculture, has summed up the outstanding facts of Canada's agricultural position in an article appearing in the November number of the Agricultural Gazette. He presents statistics showing the growth of Canada's financial burden during the past five years and points out means by which our national debt will be reduced. He says in part "It is confident that this Dominion, through the development of her natural resources, will in time wipe out her debt. Forests, fisheries, and mines all contribute their part of the revenue but by far the greatest returns will be derived from agriculture which we must continue to establish in permanency and increase in magnitude. One of the greatest responsibilities that falls on either the federal or provincial departments of agriculture is the conservation of the great wealth that lies in the virgin soil. Innumerable considerations are involved in this one problem, but the whole affair can be accomplished if we engage in mixed farming with live stock as a basis. This is the fundamental principal underlying success in agriculture."
